The files of the Office of Security (SV), Department of State, reviewed by SA [redacted] on June 30, 1971, disclose that on March 21, 1950 the Policy Planning Staff, Department of State requested SV to do a name check on the appointee to give him security clearance to serve as a consultant to that staff for a few days. On March 22, 1950, SV granted him security clearance for such proposed purpose.

b6

On January 11, 1954 the International Educational Exchange Service (IES), Department of State requested a name check by SV to enable the appointee to serve as a Specialist under the P. L. 402 Program. SV advised IES on March 24, 1954 that no derogatory information had been developed.

The Bureau of Educational and Cultural Affairs (CU), Department of State requested SV on February 4, 1964 to run a name check on the appointee as a candidate for an American Specialist grant under P. L. 87-256. SV notified CU under date of March 3, 1964 that no materially adverse security information had been developed concerning ALVAREZ but this did not constitute a clearance by SV.

The SV file does not show any termination of clearance concerning this individual; however, SV has advised that all its clearances terminate when the person's relationship with the Department of State terminates.
